Delivery available only	closed at least until 02.03.2021	Depends on each region. Mostly closed or only terrace service and take-away.
Travelling Entry Requirements	In general possible · from EU countries · from Switzerland · from other states who are allowed Arrival from other states (risk areas) e.g. · Israel · Spain only with negativ Covid Test not older than 48 hours and obligation for 10 days quarantine	Entry to Switzerland in general possible for all Swiss citizens and all residence permits. Entry also possible for border areas. A valid entry form to Switzerland is required in each case. Persons entering to Switzerland who travel by plane have to present a negative Covid19 test. Persons arriving from high risk countries / areas have to stay in quarantine (10 days). Entry to Switzerland has to be announced latest 2 days after to the concerned "Kanton". (please see also flyer in the attached link for travelling to Switzerland.) There is a weekly updated list of high risk areas / countries including the German areas of Sachsen / Thüringen, Austrian area of Salzburg and all listed countries including Israel, UK, Spain, U.S. etc. => all relevant information visible on https://www.bag.admin.ch/bag/de/home.html	Effective from 8 January 2021 until and including 28 February 2021, the Ministry advises against all travel worldwide. The tightened travel advice also advises against business travel that is otherwise considered necessary travel. However, certain exceptions apply, e.g. in connection with the delivery of goods and services in and out of the country. See the specific exceptions at www.coronasmitte.dk (English). Additionally, a flight ban has been imposed on transportation of passengers from the entire world, who are unable to present a negative COVID-19 test taken no later than 24 hours prior to departure. The flight ban will enter into force 9 January 2021 at 5 PM until and including 28 February 2021.	Under current UK COVID-19 restrictions, you must stay at home. You must not travel, including abroad, unless you have a legally permitted reason to do so. It is illegal to travel abroad for holidays and other leisure purposes. Check the rules that apply to you in England, Scotland, Wales and Northern Ireland. If you intend to travel to England, Scotland, Wales, or Northern Ireland from abroad, including UK nationals returning home, you must provide evidence of a negative COVID-19 test result taken up to 3 days before departure. If you do not comply (and you do not have a valid exemption) your airline or carrier may refuse you boarding and/or you may be fined on arrival. Before you return to the UK you must provide your journey and contact details. You must self-isolate when you enter the UK from any foreign country except Ireland, unless you have a valid exemption. If you are legally permitted to travel abroad, check our advice on your country of destination. Some other countries have closed borders, and may further restrict movement or bring in new rules including testing requirements with little warning.	Effective from 10.02.2021 all but 9 countries are restricted with travelling to Austria being possible only with a negative COVID Test (not older than 72 hours at arrival) and a subsequent 5-10 days quarantine. All IISHF countries belong to the restricted countries. All travellers need to register in a pre-travel clearance system of the Austrian government.	Entry is closed for all countries, except Abkhazia, Turkey and Tanzania; Switzerland;Egypt, United Arab Emirates, Republic of Maldives;South Ossetia; Belarus, Kazakhstan, Kyrgyzstan; South Korea;Serbia, Cuba, Japan; India, Vietnam, Finland and Qatar; Armenia, Azerbaijan. Any person arriving in Russia should provide evidence of a negativ COVID-19 test result taken up to 3 days before departure. In the absence of a medical document confirming a negative result of a laboratory test, they are required to undergo a laboratory examination on the territory of the Russian Federation by PCR within three calendar days	Enty is possible for all countries. All countries are divided into GREEN and RED countries. This division occurs based on the number of COVID infections per 100,000 citizes over the past 14 days. Any country with a higher infection rate than Ukraine is marked RED, any country with an infection rate lower than Ukraine is marked GREEN (see link below). Any person arriving from a GREEN country can enter Ukraine freely (no PCR COVID test needed). Any person arriving from a RED country may enter Ukraine only with a negative PCR COVID test (not older than 48 hours before arrival) or, if a negative PCR COVID test can not be presented, must download an official app that tracks her/his movement and engage in self-isolation until the moment a negative COVID PCR test is presented or a maximum of 14 days.	International travel is closed for all people. Borders are said to open on 28.02.2021. It is not clear for whom and under what conditions.	Entry is possible with a negative COVID Test (not older than 72 hours prior to departure time) that must be uploaded to the Air Suvidha portal (www.newdelhiairport.in) before departure. Thermal screening occurs on arrival. Passengers found symptomatic will be taken to a medical facility. Prior to Departure a negative from India a negative COVID test is mandatory (72 hours validity) plus a thermal screening must show no COVID symptons.	International travel is open for all people, however travellers are required to take a PCR test upon entry and departure at the Beirut airport. Travelers arriving to Lebanon must quarantine for one week. The first 72 hours of quarantine must be spent at a Government of Lebanon-approved hotel.	Entry restriction from infected countries at least until 02.03.2021	From 1 July 2020, if you fly to Spain from other countries (including children of any age), it is mandatory to fill in the Health Control Form (FCS) associated with your trip, in order to present it at the Health Control of the airport of arrival in Spain. From 23 November 2020, all passengers who come from a risk country/area in relation to the SARS-CoV-2 coronavirus, must present, in order to enter Spain, a certificate with a NEGATIVE PCR result (COVID-19 RT-PCR), carried out in the 72 hours before arrival in Spain. From 10 December 2020, TMA (Transcription-Mediated Amplification) and RT-LAMP (Reverse Transcriptase Loop-Mediated Isothermal Amplification), have been incorporated as accepted diagnostic tests in addition to PCR. Also, from this date, children under 6 years old are exempt from diagnostic testing for active SARS-CoV-2 infection, in order to enter Spain.
